

# DEALER ALERT

## CREDIT CARD SCAMS PART 2

**TAKE THIS VERY SERIOUSLY**

Within one hour of sending out our Credit Card Scam Dealer Alert earlier this afternoon, we received a call from a grateful Toronto area dealer who had almost fallen prey to the scam.

Based on a telephone call and emailed ID and credit card information, (the same as shown in this afternoon's Dealer Alert) the dealer had sent a vehicle to a shipper and it was about to be sent to Quebec.

After receiving our Dealer Alert, they called the shipper to cancel shipment and have recovered the vehicle.

The dealer has notified Halton police.
