DEALER ALERT

FAKE RENEWAL INVOICES

It's not a new scam, but it bears repeating.

Read ALL invoices you receive carefully!

Con artists are always hoping to slip one by busy dealers, like **Carsgone.com** of Edmonton, Alberta tried to do.

Carsgone.com sent an official looking "Renewal Invoice", for a service our member never used, asking for payment by credit card or cheque.

Never sign or send back, by fax, mail or e-mail payment for anything you are not completely sure about.

Call the UCDA if you ever have questions about such unsolicited requests.
